Republican State Platform Denounces N-P League and All Destructive Agencies

Madison, Sept. 22.—The following platform adopted by the republican party at its annual convention today is a strong denunciation of the N-P League and all destructive agencies.

The republican party of Wisconsin, met in platform convention, pursuant to law, hereby renounces its alliance to the principles of human liberty, equality and progress, on which it was founded. We accept the platform of the republican party as adopted at its annual convention last June as a true declaration of those principles. There is no other party better qualified to advance the welfare of our people without any discrimination or favoritism.

"We endorse as fully competent to carry out these principles, and pledge our united support to the candidates nominated by that convention—those splendid Americans, Warren G. Harding and Calvin Coolidge.

"We recommend the record of United States Senator Irvine J. Lenoir, not a candidate for reelection, whose republicanism and Americanism have been conspicuously right, and pledge him our united support.

Indorse Mulberger Act

"We urge that Chapter 526 of the laws of 1919, known as the prohibition enforcement act (Mulberger bill) be continued in force and effect, and made to conform with federal provision, to the end that Wisconsin may reimburse Wisconsin tax payers for the obligations incurred by them by the federal government; and to the further end that those accused of violation of excise laws may have such speedy trial as a distance from their homes as will entail neither undue hardship nor expense. We therefore urge that the Mulberger law be ratified at the polls.

"The last legislature enacted a marketing law, the first law of its kind enacted in the United States. In passing such a law we were breaking new ground and could not anticipate all the difficulties involved to perfect a marketing system.

"This year's experience under such law has demonstrated that it does not contain the broad and necessary powers to make effective a desirable marketing system. On account of lack of sufficient funds and authority to ascertain the cost of production of farm products and production of other commodities, the marketing director has been unable to proceed with either a 'thorough' or complete investigation.

Urge Financial Support

"We pledge adequate financial support to the division of markets and such additional power and authority as may be necessary in order to give the division ample power and authority to stimulate co-operation among the producers and to prohibit unfair dealing and discrimination and to prevent extortionate profits on the necessities of life and foodstuffs, so that the farmer and the consumer may receive a reasonable compensation for farm products and labor, at a reasonable cost to the consumer.

"We favor a revision of the cooperative law to protect existing and future co-operative associations from exploitation and unfair practices and also for the creation of co-operative associations upon a non-stock basis, thus extending to co-operative organizations the same privileges as are extended to trade corporations.

"To prevent the spoliation of perishable food products, the law should limit the time during which they may be held in storage.

"The attorney general should be empowered to bring prosecutions on his own initiative to punish violations of laws to prevent and punish profiteering.

Favor Land Settlement

"We favor laws to promote the development by actual settlers of Wisconsin agricultural lands.

"The basic eight hour law should be adopted in all industries when reasonably applicable with the return of normal conditions in order that the welfare of our citizens may be promoted by giving such citizens time for something more than eating, sleeping and working.

"We favor the elimination of child labor in industry and equal pay for equal service, regardless of sex; the right of workers to organize and to deal collectively with employers through representatives of their own choice.

"We favor better protection to the railroad workers who are engaged in car repair at terminals and junctions against inclement and severe weather. We favor the revision and passage of laws to more adequately protect the trainmen and the traveling public against the dangers at railroad grade crossings.

"We favor an increase in payments under the workmen's compensation act for the more serious and disabling injuries and death benefits in order to more nearly meet the increased cost of living.

Would Raise Exemption

"Since the income tax law was enacted the cost of living has more than doubled, and we therefore favor that exemptions from income taxes shall be increased in proportion to the increase in the cost of living; reasonable exemptions from taxation of improvements to encourage development of the agricultural area of northern Wisconsin and to promote home building and home ownership; a progressive increase in income and inheritance taxes on the larger incomes and inheritances; and the establishment of a ratio between the rate of taxation on property and the income tax so that as public improvements increase the entire cost of such improvements will not be levied on property alone.

"Taxes should be levied in proportion to the cost of the improvements and should be raised upon a just and equitable basis as between the property tax and the income tax.

Yearly Report Demanded

"This does not contemplate an increase in the total tax, but justice demands a readjustment of our taxation systems.

"We further favor a law requiring all corporations licensed to do business in Wisconsin to file annual statements with the secretary of state, showing their financial condition, profits and dividends during the year.

"The state should set an example in economy, and while no necessary state activity should be hampered on account of lack of funds, a rigid economy should be practiced.

"Our schools should be improved and adequately supported, especially the common schools. Extravagance in the administration of education institutions should be avoided, but their usefulness should not be limited by a parsimonious policy. Evening and continuation schools where persons unfamiliar with the language and institutions of America may receive instruction, should be provided and supported in proportion to the need that exists for them.

Denounces Outside Influence

"We favor the amendment of the corrupt practices act to require all leagues, committees, clubs and individuals to report all receipts and disbursements for political purposes in the same manner as the personal expense

FORD CAR PRICES REDUCED 31 PCT. TO PRE-WAR BASIS

Detroit, Sept. 22.—Re-establishment of pre-war prices on all products of the Ford Motor company, effective immediately, was announced today by Henry Ford. The price reductions range from approximately 14 per cent on motor trucks to 31 per cent on automobiles.

In announcing the decision of the company, Mr. Ford in a formal statement said:

"Now is a time to call a halt on war methods; war prices, war profiteering and war greed. It may be necessary for everybody to stand a little sacrifice but it will be most profitable after all, because the sooner we get business of the country back to a pre-war condition, progress, prosperity and contentment will occupy the attention of the people.

"For the best interests of all, it is time that a real practical effort was made to bring the business of the country and the life of the country down to normal. Inflated prices always retard progress."

The announcement said the price reductions were made despite unfilled orders for 1,600 vehicles. "There will be no reduction of wages at any of the Ford plants, it was announced.

Cracks, Crevices and Crannies Were Filled With Money

Treasure Islands exist now even as they did in Stevenson's imagination. At least the nieces and nephews of Miss Margaret Latta McCarroll, who lived alone on a farm near Portia until her death at Mercy hospital on Aug. 19, think they found a veritable treasure island in the home of their aunt when they went through the house several days ago.

Cash sewed in mattresses, silver dollars under rugs, bills stuck in the crevices of halfcloth sofas and chairs.

SHIPMENTS HERE OF BUILDING STUFFS HEAVIEST OF SEASON

Larger amounts of building materials have been arriving in Janesville over both the Chicago and Northwestern railroads during the past few days than for several months. This is believed, however, to be only a temporary situation due to plants in various parts of the country closing down or partially suspending operations and releasing these materials for shipment to places in more need of them.

All other freight either coming into this city or passing through while heavy is not any larger than for the past several months. While seven cars of soft coal and several of hard have arrived here in the last two days, shipments continue to show the same shortage conditions holding throughout this part of the country.

PROGRAM READY FOR TEACHERS' MEETING

Four counties—Racine, Kenosha, Green, and Rock—are to be represented at the conference of training teachers and county superintendents which will be held here next Saturday in the Rock county training school, which is located in the Jefferson building.

The program will be from 9:30 to 11:30 in the morning and from 1:30 to 3:30 in the afternoon, the noon time being given to a dinner and general social period.

Following is the program: Introductory remarks, Principal Frank J. Lowth; "Practical Teaching, What It Is and What It Might Be," Anna K. Hanson, Union Grove; and Ella J. Jacobson, Janesville; "The Course of Study and the New Certification Law," Principal C. H. Dicks; "Securing an Adequate Enrollment of the Right Sort of Students," Principal Arthur M. Smith; "A New Building for the Future," Dr. Alexander Madison; "The Rock County Training School, Its Record and Its Future as a See It," Sup. F. C. Holt, Janesville; "Some Lines of Work in Which Every Training School Should Show Genuine Efficiency," Dr. Alexander Madison; and a discussion will follow each talk.

SECTION MEN NOW ON 10-HOUR SHIFTS

Section men of the Chicago & Northwestern railroad working in Janesville and South Janesville started working in 10 hour shifts Tuesday. When the new rates of pay went into effect in June, they were reduced to an eight hour day. The longer day will increase their daily wages.

Shortage of labor and the increase in traffic over the tracks here is given as the reason.

Hear latest Brunswick release, "Waiting for the Sun to Come Out," from "The Sweetheart Shop," Leath's Furniture Store.

DULIN ADVOCATES STREET CLEAN-UP

A general clean-up of machinery and materials stored on Court, Pleasant and North First streets was ordered by the council Monday night after a talk by Ald. J. J. Dulin. He declared the city is no excuse for the sidewalk in front of the Parker Pen company's new building being blocked by the contractors any longer, and said implement companies should be warned not to store machinery on Pleasant, Court, and North First streets.

Ald. L. D. Horn asked if some thing could not be done to have the high board fences on the Tallman property on North Franklin street torn down.

Goodyear Tires for Small Cars Are Popular Because Economical

There is nothing but disappointment in buying cheaply made tires that are announced as wonderful bargains at a few dollars each and then fail after brief terms of service.

Get exceptional mileage at exceedingly low cost in Goodyear Tires, of the 30x3, 30x3 1/2 and 31x4-inch sizes, built of Goodyear-selected materials and with Goodyear skill and care.

Due to their precise manufacture in the world's largest tire factory devoted to these sizes, their quality is most economically produced and therefore most economically employed.

If you own a Ford, Chevrolet, Maxwell, Dorr or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; ride farther and fare better.

GOODYEAR

One Year Proves Its Better Qualities

In a little more than a year, the Cleveland Six has established the truth of its better qualities by its daily service to nearly twenty thousand owners. Today it is recognized everywhere for what it really is—an exceptional car, offering character and quality not found in other cars of similar size and price. It has made good in a big way.

The Cleveland, built in a great modern factory and built by an organization skilled in the building of fine cars, is featured by the performance of its exclusive motor, most highly refined of the overhead-valve type, quiet, powerful, pliant and economical. A

motor that starts instantly in even the coldest weather. The chassis construction is sturdy throughout, with long underslung springs, positive brakes and unusual ease of control.

Four attractive styles of body are mounted on the Cleveland chassis.

SHOE SECTION—MAIN FLOOR

Silo Worker Hurt In 30-Foot Fall

Accident Occurs on Farm Near Darien; One Man Seriously Injured.

(By Gazette Correspondent.)
Darien.—While working on a silo Saturday on the Walter Miller farm three and a half miles southwest of town, N. Borgo, Elton Brown and Harold Dodge fell a distance of 30 feet, the cement works giving away. Mr. Borgo was seriously injured. His shoulder was dislocated, three ribs fractured, and he was badly cut about the face and head. Mr. Dodge was bruised but no bones broken. Mr. Brown escaped without any injuries. Mr. Borgo was taken to his home and is resting comfortably.

Mr. and Mrs. Robert McGowan and children of Emerald Grove, visited Sunday at Elton Brown's. Ed Conner, Rice, Delavan.—A roadster with an Illinois number on, turned turtle on Beloit street, near Hoyer's. The occupants, three young men, were driving at a good rate of speed. It is said and when they struck the new gravel, lost control of their car.

The car was slightly damaged.—Sunday two cars collided at the corner of Beloit and Park streets. The cars were damaged some. No one was injured. That is the second accident at that corner this season.—Walter Florder and family of Milwaukee, motored out and spent the day with his mother.—Miss Leola also returned Friday from several weeks' visit with relatives in Milwaukee and Michigan. Mesdames B. J. Putnam, C. A. Matteson, Nettie Givens, C. Chamberlain and Miss Maude Chamberlain attended a miscellaneous shower given in honor of Miss Gladys McArthur at the home of Mrs. George Mawhinney, assisted in entertaining.—H. Frank Harold Dodge, the Misses Irene Hastings, and Leah Rockwell, motored to Milwaukee Thursday.—Mrs. A. Dodge, Avalon, was guests at C. A. Matteson's home Sunday.—Mrs. Adelle Welch Cornell left Saturday for Rochester.—Mrs. C. Chamberlain and family returned home a few weeks' visit with relatives here.

SHARON

(By Gazette Correspondent.)
Sharon.—The funeral of Miss Josephine Straka was held Friday at the home of her parents, Mr. and Mrs. Albert Straka, Monday afternoon. Rev. L. Woods officiating. Miss Straka died suddenly last Friday afternoon after a brief illness while undergoing an operation for the removal of her tonsils. Besides her parents she leaves a sister, Mrs. R. E. Rector, and a nephew, Mr. and Mrs. Martin Simonson. Beloit, came Monday to attend the funeral of Miss Josephine Straka. Ruth Pauer left Monday evening for a visit with her sister, Mrs. George Barber, and family at Fremont, Ohio.—Dennis Davis, Ralph Davis, Fred Schwartz, Paul Bollinger, and Roy Hubbell left Monday to begin their year's work at the state university at Madison.—Mrs. J. J. Crew, two daughters, Mr. and Mrs. R. E. Rector and daughter were Beloit visitors Sunday.—Mr. and Mrs. Logan Englebrecht, Mrs. Will Gile and Mrs. O. Huntley were called to Beloit, Monday, by the illness of John Simonson.—Mr. and Mrs. J. Winters, Racine, are spending the week with relatives in and around Sharon.—Dr. T. J. Crew with his wife and children visited Sunday evening at the home of his uncle, Ed Cavanaugh, near Delavan lake.—Mrs. Tremaine and Miss Anna Lockwood who have been visiting friends here left Tuesday for their home in Albany, N. Y.—Rogers Burns has discontinued his milk route which he has been conducting the past year.—Mrs. Eva Reid, daughter, Margaret, Dayton, Pa., Mr. and Mrs. Joe Frazer and son, and Stewart Mattern, Cedar Rapids, Ia., came Monday to visit Mrs. Reid's brother, R. E. Rector, and family.

Racine.—Divorce cases in Racine county are rapidly decreasing according to reports of clerk of courts. During the year ending Sept. 30, 113 divorce decrees have been granted in municipal court and 26 in circuit court, a decrease of nearly 50 percent.

"SUDS"

builds the loveliest dream castles out of soap suds. It is one of the rare productions that goes straight to the heart and awakens all sorts of human sympathy—strong and moving—and with that measure of humor and pathos that is inseparable from its realism.

From the Charles Frohman Production "Op O' Me Thumb," by Frederick Fenn and Richard Pryce. Directed by Jack Dillon. Photographed by Charles Rosher.

STATE IN CHARGE OF CEMENT WORK ON EDGERTON ROAD

HIGHWAY COMMISSIONER
TOO SLOW AND EXPEN-
SIVE IN PROGRAM.

SPEEDING UP JOB
Road Demoralization the Past
Year Means Great Loss
to Taxpayers.

It may be definitely stated that the Edgerton road will not be completed from the city line to Barker's corner this year. The concrete will be laid from the city line to the foot of the hill to the south of the county farm, but there is a lot of rock cutting to be done and this will take a large part of the winter months.

The state highway commission now has charge of the road. It is making it so much more expensive to build and maintain than it was when it was under the supervision of the county highway commission.

Speeded Up Paving
Mr. Ryan has appeared up the paving of about 230 feet a day against 150 and 200 when it was being supervised by the county highway commission.

The machine, which cost the county \$25,000, has been moved to a new location and is being used to lay concrete on the road. While it is figured that the road will cost in excess of the contract bids, the loss of the concrete machine is a heavy one, and the county is now being forced to state supervision.

Poorest in Wisconsin
The first piece of road laid has not been accepted by the state. It is pronounced to be one of the worst pieces of concrete road laid in Wisconsin. It is charged, also, that much black top was mixed in with the concrete and the foundation, but that has been corrected by state supervision.

When the road proposition came up, permit was given by the state highway commission to reject the bids and do the work under the direction of the county highway commission.

Was Machinery Authorized?
It would be an interesting fact, if it is a fact, to know that the machinery to the amount of \$25,000 was bought and taken out of the county treasury without consulting the state highway commission. There was six weeks delay in getting the machinery, and the county has made a heavy loss in the meantime.

Road Patrol Necessary
The Gazette has before stated that this county is one of the few in the state where there is no organized road patrol. The county is now being forced to pay for the maintenance of the roads, and nothing much to show for the \$15,500 given to the county for the maintenance of the roads.

Thousands of Dollars in Roads
Rock county taxpayers have thousands of dollars in the state highway commission's best investment—good roads. They are like a railroad, if not attended to with care, they will be lost. Some of the things happening in the road department the past year are:

1. Letting the Edgerton road be constructed at a cost of \$25,000, a loss of a lot of time and money to the taxpayers.

2. Investing \$25,000 worth of machinery and tools not needed if the state highway commission should refuse to let the highway commission build the road, and the county is now being forced to pay for the maintenance of the roads.

3. Slow and expensive paving of concrete at the Edgerton road and consequent additional loss to Edgerton and Janesville in the maintenance of all traffic.

4. Attention of highway commission given up almost entirely to the Edgerton road and failure to attend to other roads and state aid roads were given the proper care.

5. Needing the state highway commission to take over the supervision of the Edgerton road to save the state and county a large sum of money. Heavy depreciation of the machinery owing to failure to utilize it, and loss in consequence.

6. General disorganization in the road maintenance and building program of the county.

7. Failure of the county board to take steps to finance the road program.

Old School Bell To Be Torn Down

The old bell at the Jefferson school which for a half century has called the ward children into the morning is to be taken down, according to F. C. Grant, member of the board of education.

It was found that the vibrations from the bell were damaging the roof and the bell in itself was a source of danger for it was liable to fall at any time.

Mr. Grant said: "Several years ago an accident of this kind occurred at Adams school, where the bell fell on the playground, narrowly missing two children."

The new bell, which will be similar to those used on bridges in cities, will be installed at a cost of about \$25. No more will be principal of the school have it to pull it up, for now all that is necessary is that a button be pushed.

ELKS WILL BUILD MODERN HOME HERE

Property at Court and Bluff
Streets Is Site for Big
Clubhouse.

First steps in the building of a beautiful and substantial Elks home here have been taken by the Elks club.

The property, which is situated at the corner of Court and Bluff streets, is a fine site for a modern clubhouse. The Elks club has purchased the property and is now planning to build a new home.

The new home will be a two-story building, with a large hall and a kitchen. It will be a modern and comfortable place for the Elks club to meet and for the community to use.

The Elks club has been very successful in its efforts to build a new home. They have raised a large sum of money and have secured the property for the new building.

The new home will be a great asset to the Elks club and to the community. It will be a place where the Elks can meet and where the community can enjoy the services of the club.

SIX COMPLAINTS OF HIGH ASSESSMENTS

Board of Review Hears Pro-
tests, Then Adjourns to
Monday.

Six property owners today registered protests with the city board of review against their new assessments as fixed by City Assessor Frank J. Welsh's office at the city hall, adjourned until 9 o'clock Monday morning.

This is held to be not an unusual number of complaints. All can be quickly adjusted, it is believed. The one complaint against the board of review is that of the City Ice company, which objects to being assessed \$150 per ton for ice.

Through the complaint of the City Ice company, which objects to being assessed \$150 per ton for ice, the board of review has been forced to adjourn until Monday morning.

After several minutes of argument between the mayor and Mr. Welsh, the board of review adjourned until Monday morning. The board of review has been forced to adjourn until Monday morning.

Declaring their assessment of \$12,500 of the Kentmore place, a four apartment building on North Bluff street, to be incommensurate to the revenue received, the board of review has been forced to adjourn until Monday morning.

It was brought out that it was assessed last year at \$11,000 and in 1918 at \$10,000. The board of review has been forced to adjourn until Monday morning.

JUDGE GRIMM AGAIN BUSY ON DIVORCES; FIVE ARE ORDERED

Cruel, and inhuman treatment and abandonment of the plaintiff's wife and children were granted divorces in circuit court Monday by Judge George Grimm. Four of the couples were given custody of their children.

The first case was given to Ruby M. Atkinson, who obtained a divorce from her husband, Arthur Frank J. Welsh, on grounds of cruel and inhuman treatment and non-support. Mrs. Atkinson claimed that her husband, Arthur Frank J. Welsh, had threatened her life.

The second case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The third case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The fourth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The fifth case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The sixth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The seventh case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The eighth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The ninth case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The tenth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The eleventh case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The twelfth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The thirteenth case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The fourteenth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The fifteenth case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The sixteenth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The seventeenth case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The eighteenth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The nineteenth case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The twentieth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The twenty-first case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The twenty-second case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The twenty-third case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The twenty-fourth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The twenty-fifth case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

The twenty-sixth case was given to Mrs. Myrtle Legatz, who obtained a divorce from her husband, Orville, on grounds of cruel and inhuman treatment and non-support. Mrs. Legatz claimed that her husband, Orville, had threatened her life.

The twenty-seventh case was given to Mrs. Lillian, who obtained a divorce from her husband, John Herman, on grounds of cruel and inhuman treatment and non-support. Mrs. Lillian claimed that her husband, John Herman, had threatened her life.

Widow of Professor Wills Money to Two Other Schools.

Beloit college is to receive about \$15,000 in money and many valuable furnishings and paintings as an endowment from Mrs. Helen Emerson, widow of Prof. Joseph Emerson. Administration of the estate was granted this morning in probate court.

About \$2,500 was left to the First Congregational church of Beloit, and \$1,000 to Milwaukee. The money was to be used for the maintenance of the work of the college in the future.

Janesville's Biggest Bowling Season Opens Tonight

LARGE GALLERIES WILL VIEW START OF CITY LEAGUE

TONIGHT'S GAMES.
West Side. Alleys
Teams—Bake-Rites 3-4
Lawrence Lumbermen 1-2
East Side. Alleys
Teams—Bake-Rites 3-4
Lawrence Lumbermen 1-2
Janesville Machine Co.—Gazette
Commercial Printers 6-7

The town's age. From old man to youngest, they're talking one thing only today. And that's bowling.

When Acting Mayor J. J. Dulin steps on the platform at the East Side alley at 8 o'clock tonight and let's the curtain rise on the season of the league, the town will be the scene of a great event. The first game of the league will be a match between the Bake-Rites and the Lawrence Lumbermen.

Both teams have made arrangements to accommodate the galleries. Special benches have been provided for the fans. The pep with which the teams are lining up is shown by the fact that several of them will come especially outfitted. Not only will the men wear bowling shoes and many of them have their own bowling balls, but they will also wear shirts with the name of the five in letters across the chest. In other words, the sport is on a permanent basis here.

ASSISTANT COACH FOR BELOIT ARRIVES

Beloit, Sept. 22.—Arrival of assistant football coach E. J. Osgood from Chicago, Ill., was the feature of the Beloit college grid workout. Osgood, who was formerly a Grinnell college football, basketball, and track star, is to have charge of the linemen and Coach Mills turned over all candidates for the center of the line to the new mentor yesterday afternoon.

Eighteen warriors donned the moleskins, and with more men arriving every day, the college football team seems to be well on the road toward realization.

SOX AND INDIANS AWAIT TEST SERIES; DODGERS LEAD OUT

The Chicago White Sox triumphed in their last six games and the Cleveland Indians, winners of seven straight in the American league pennant scramble, started today for their important three game series which starts tomorrow. With Cleveland leading the pace and Chicago only a game and a half behind, the series may go a long way toward deciding the pennant winner.

Chicago must win two straight to displace Cleveland in the percentage table and three in a row will be necessary in order that the White Sox may leave behind the league. Victory in any one of the three games will be sufficient to keep Cleveland in first place, although if the Sox takes two out of three they will be only a half game behind.

GREB AND JAMIESON AT MILWAUKEE TONIGHT

Milwaukee, Sept. 22.—Harry Greb of Pittsburgh meets Ed Jamieson of Milwaukee in a ten-round return battle before the National A. C. tonight. In a previous meeting at Grand Rapids, Mich., Jamieson surprised Greb by flooring him in the first round for a count of four. Greb recovered, however, and won the popular decision.

Reimbold Wrong Says Ardent Fan

Editor Gazette:

In answer to the local fan, Joseph Reimbold's writing in the Gazette's Saturday, Sept. 18th issue, backing the position taken by the manager of the Beloit Fairbanks played as an exhibition game at the Evansville Rock County Fair, with the Samson Tractors.

"Let it be said that in the first place that every fan that I have talked to who had seen the parlor game played at Evansville, were amazed that a local fan claiming not to be a pro-Beloit would write such an article upholding the action of the manager of the Beloit Fairbanks when the majority of the Beloit fans themselves do not look upon such actions with favor.

"Somehow Mr. Reimbold has been misled on the rules of organized baseball and his education on this has been sadly neglected. First of all I want to ask Mr. Reimbold, if he were umpiring a game of baseball, he could make a decision, a legitimate decision on a play made that he could not see? It does not make any difference if the whole crowd saw it, if he cannot see it, he must see the play as it is. The umpire, realizing their first decision was not a decision at all, had no alternative but call the runner safe on second base after he was reminded of the ground rules made and agreed to between the two managers. The ground rules made by Mr. Reimbold himself and asked Manager Al. Clubb himself and asked Manager

Ger Perrier to agree to which was done without any hesitation were that if the ball was batted into the crowd it was good for a two base hit. Now in this case if the crowd had given way and made an opening of the way of the play, the ball would then not be in a crowd and the umpire's view would not be obstructed, but as it was the crowd was the same as a standing wall or fence and Baxter had to run around the crowd and in make the catch. The same argument would hold good then in that case if the crowd had been a fence and an opening in it so a man's body could through and a player would go catch the ball and a few fans see the umpire they saw player catch the ball and the umpire called the runner out. I want to ask Mr. Reimbold if he thinks any sane umpire would care make such a decision against the code book of organized baseball on ground rules.

"As a matter of explanation to enlighten Mr. Reimbold on three bad statements he made in his article. First, in organized baseball according to the book of rules an umpire has the right to change a decision, where he is shown that his decision is not in accordance with the rules laid down governing such a decision. Second, regarding Mr. Reimbold's statement that Joe Jackson jumped into the center field bleachers and caught the fly from Babe Ruth's bat, this is a physical impossibility as there is a high screened fence in front of the bleachers and the ball did not go into the over-flow crowd that was in front of the center field bleachers and in this way the ball was kept on the field and the crowd moved back

to allow Jackson to get the ball. There was nothing in the ground rules to prevent the play from being made as it was and of course was allowed to stand as played. But I understood that a ruling has been made by the officials of the American league since that play was made, that no player can go into a crowd to catch a ball.

"Further Mr. Reimbold states as there was no commission to protect the play to do but quit. I must also for Beloit to do but quit. I must say again that that statement also is made with entire ignorance as to the true situation. There is a commission in the Central Industrial League and who is the league that both Samson Tractor and the Beloit Fairbanks are members and Mr. A. E. Staley of the Staley Mfg. Co., Decatur, Ill., is president of the league who heads the commission on protested plays. Every fan in Janesville should be proud of Manager George

Fort Worth Takes Second From Little Rock

Fort Worth, Texas, Sept. 22.—The Fort Worth Texas league won again in the second game of the unofficial championship series with Little Rock, Southern association pennant winners.

Hear latest Brunswick release, "Waiting for the Sun to Come Out," from "The Sweetheart Shop," Leath's Furniture Store.

KENOSHA PRO TAKES STATE GOLF TITLE

Arthur Clarkson, professional of the Kenosha Country club, carried off the second annual tournament of the Wisconsin Professional Golfers' association at the Milwaukee Country club. To do so he had to play the course in 147, three strokes over par and to cover the last 18 in two shots under par. He defeated "Chick" Fraser, La Crosse tutor, who was second at 149. Clarkson's work was the best at the Cream City club this season.

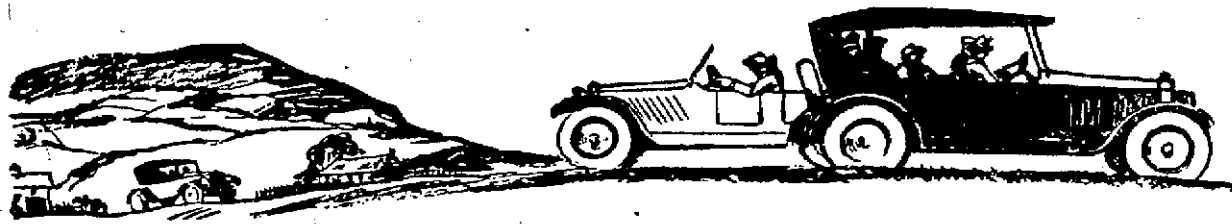

"Red" Allis, state amateur title holder, was third with 152, but being an amateur, does not get in the money. Bob Peebles, Beloit, tied with Alce Ritchie, Oconomowoc, with 157 for fourth and fifth. Neal

INDUSTRIAL BOWLING LEAGUE IS FORMED; COMMERCIAL IS NEXT

Formation of the Industrial Bowling league, operating according to A. B. C. rules, by the City Bowling association, took place at a meeting held at city hall Tuesday night. Eight teams will be represented in the circuit, according to plans as temporarily laid out. Other elected were as follows: President, John Dorn, vice-president, A. J. Dorn, secretary, and J. Boyce, treasurer. Nothing was done on the arrangement of a schedule, that being left to another meeting which will be held at city hall Tuesday night at 8 o'clock for the purpose of taking up the matter of forming a commercial league. It was the original plan to organize the commercial league at Tuesday night's meeting, but representatives of all the 19 teams that had previously designated their desire to take up the sport, were not present. Each team is expressly urged to appoint one individual to represent it at Thursday's meeting. This is pointed out as essential so as not to delay the season any more than can be helped. An early start, it has been learned from experience here, is half of the success of bowling league work.

Mayville.—After a six days' search, the body of Philip Wagner, a mine worker of the American Steel and Tube Co. of this city, was found hanging in a shed owned by the Iron Ridge Lumber Co. at Mayville. The man disappeared about 14 days ago.

Meintyre, another Beloit, was tied for eighth and ninth with George Hansen, Michiwaukee, at 162. Collin Kidd, the Madison teacher, was one of four who tied for 18 with 166. Harry Robinson, Janesville Country club, was not in the running, being too far in the rear.

Look at the roads for twenty miles around on a Sunday

THERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing what he is spending his money on, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

That's one thing we like about U. S. Tires.

They make no distinction between the small car owner and the owner of the biggest car in the country.

It's all the same to them. So long as a man owns an automobile—large or small—he's entitled to the very best tire they can give him.

Quality has always been the outstanding feature of U. S. Tires. There's no limit on the U. S. guarantee. All U. S. Tires are guaranteed for the life of the tire.

We have given a lot of thought to this tire proposition. There is some advantage in being the representatives of the oldest and largest rubber concern in the world.

Drop in the next time you're down this way and let us tell you some interesting facts about tires.
